

Basic Skin Care by Escent Skin: TONE

ANTI-AGING BOTANICAL SPRITZE FACT SHEET

TONE: Hydrates, Brightens, Repairs the look and feel of your skin with MSM & Hyaluronic Acid
T-n-T stands for TONE and TREAT in Escent's Basic Skin Care line. *Paraben, formaldehyde and phthalate free.*

DESCRIPTION: Multi-fruit and Alpha Lipoic Acids gently exfoliate for that firming anti-aging effect we want. Hyaluronic Acid holds 1000 times its weight in water for hydration and plumping. Vitamins Esther A, C, E and Carrot Oil add antioxidant protection and conditioning benefits. Organic MSM delivers polysaccharides and antioxidants deeply into the heart of your skin cells and pure cold pressed plant oils along Hyaluronic acid firm up and tone the skins surface. The combination of Colloidal Silver, MSM and highly-structured water make a very effective system to deliver our proprietary anti-aging ingredients deep into the skin.

DIRECTIONS: Apply one or two spritzes over face, neck and décolleté morning and evening will provide amazing results in a very short time. (avoid getting into eyes). Follow with Escent Anti-Wrinkle Finishing Serum; the second part of Escent Basic Skin Care's T-n-T step. In addition to your daily cleansing routine, use this remarkable spritze can be used to set your mineral make-up, to hydrate and repair after exfoliating treatments, as an after sun-treatment or anytime your face feels parched.

INGREDIENT BENEFITS:

COLLOIDAL SILVER This colloidal silver consists of pure silver (99.99%), suspended in pure steam-distilled water. There are no stabilizers, chemicals or other additives in this Colloidal Silver. Colloidal Silver facilitates the rapid growth of new tissues.

MSM (Methylsulfonylmethane) is used topically is a potent anti-inflammatory and anti-microbial ingredient. MSM feeds the formation of collagen and elastin while preventing and reducing the primary cause of wrinkles and scar tissue.

HIGHLY STRUCTURED WATER (Micro-Crystallized) is "wetter" water that contains beneficial Magnesium, Potassium, and Silica ingredients.

ALOE VERA is a botanical moisturizer, light tonic, skin protectant and humectant.

ALPHA LIPOIC ACID is appreciated for its' antioxidant nature and skin cell renewal properties. It is a popular new anti-aging ingredient for skin crèmes and treatments because it helps to smooth fine lines in mature skin.

HYALURONIC ACID Escent Skin uses only USA vegan sources of Hyaluronic acid. The level of Hyaluronic Acid found naturally in human tissue diminishes as we age. Hyaluronic Acid forms a protective breathable barrier on the skin locking in moisture to give the skin a youthful appearance. Because Hyaluronic Acid can hold 1000x times its weight in water, it adjusts its moisture absorption based on the humidity in the air and the relative humidity of seasons and climate.

MULTI-FRUIT GLYCOLIC ACIDS (Alpha Hydroxy or AHA) are anti-aging, antioxidant; fruit based combo found in simple sugars. It assists with skin cell renewal and cell shedding.

TAMANU OIL comes from a tree indigenous to Southeast Asia and possesses a unique capacity to promote the formation of new tissue to enhance the skin renewal process.

CARROT OIL is a botanical emollient and restorative skin protectant. This organic carotene rich emollient is derived from the carrot root and is a good source of Vitamin A.
