JUVENESCENT CREAMY ANTIOXIDANT MASQUE 96% Natural, 52% Organic

Creamy Antioxidant Masque reverses the oxidizing free radical process for smoother, younger, happier and truly vibrant skin. Free radical damage, called oxidation, shows up in our skin as wrinkles and sagging. The cellular matrix of our cells collapses under the ongoing attack of free radicals. Antioxidants halt and reverse this intracellular and extracellular attack. Loaded with potent antioxidant and free radical fighters, vitamins, and hydrating botanicals, this masque will give you the boost, lift and shine as well as soft moist texture, just what we all want in our anti-aging arsenal.

DIRECTIONS: Apply a thin film to clean damp face, neck and décolleté, being careful to avoid the eye area completely. (Only use products made especially for the delicate and sensitive eye area.) Leave this peel on for about 10-15 minutes. Wash off with warm water and face cloth. Pat Dry. Follow immediately with Anti-aging Botanical Spritze with MSM and Hyaluronic Acid. Note: if you using a variety of peels and masques, alternate them so that you are not exfoliating more than 2 times a week.
